Western Refrigeration Private Limited.

Supplier Code of Conduct

Western Refrigeration Pvt. Ltd. Head Office Mumbai

We at Western Refrigeration believe in making a positive impact on the society by ensuring compliance to Environment, Health and safety regulations. We believe in adopting eco-friendly manufacturing practices for conservation and optimisation of resources and safety of our employees, thereby contributing to the noble cause of environment preservation, employee wellbeing and sustainable business development.

This Code of Conduct has been developed as an extension of our values and is applicable to all Western Refrigeration Suppliers and their personnel including but not limited to employees, officers and directors. The Terms and Conditions of the Purchase Order may contain more specific provisions addressing some of these issues.

We expect our Suppliers to adhering to all applicable laws and regulations and operate in accordance with the principles as outlined in this Code of Conduct and in the Terms of the Purchase Order.

Business Integrity and Ethics

a. Conflict of Interest

The Supplier is expected to report any conflict of interest in any business dealings with Western Refrigeration that Supplier is aware of; to allow Western Refrigeration to take the required action. It should be disclosed if any Western Refrigeration employee or professional under contract with Western Refrigeration may have significant ownership or interest in a Supplier's business.

b. Bribery, Corruption, Gifts and Donations

The Supplier must not receive or offer to make any illegal payments, gifts, bribes, donations or other improper advantage in order to obtain unethical favours for the business. The Supplier must ensure that no action is taken to violate any applicable anti-bribery or anti-corruption laws and regulations in the locations of their operations and make every effort to eliminate all forms of corruption and bribery.

c. Confidentiality

The Supplier shall safeguard and respect Western Refrigeration's intellectual property; trade secrets and other confidential, proprietary, and sensitive information or data at all times and shall not disclose the same. The information provided by Western Refrigeration should be used only for its intended and designated purpose as decided and agreed upon between Western Refrigeration and the Supplier.

d. Anti-competitive and Restrictive Trade Practices

Supplier must comply with applicable local and international laws to promote free and fair competition and to get business by offering competitive prices and innovative products.

e. Fair Dealing with Vendors/Suppliers

The Supplier must conduct all transactions with their business partners in fair and transparent manner including fair evaluation, reasonable selection, equal opportunities, fair and free competition for all.

f. Business and Financial Records

The Supplier is expected to prepare and maintain accounts of business dealings fairly, accurately and in accordance with accounting and financial reporting standards which represent the generally accepted guidelines, principles, standards, laws and regulations of the country of operation.

Labour Practices and Standards

a. Forced and Child Labour

The Supplier shall prohibit use of child labour at any stage of their business process. We expect that the Supplier will not employ any person below the age of 14 (or as per local law, whichever is greater). The Supplier must not use forced labour including prison or debt bondage labour, human trafficking or modern-day slavery.

b. Discrimination and Harassment

The Supplier shall not discriminate in hiring and employment practices, including salary, benefits, advancement, discipline, termination or retirement, on the basis of race, religion, age, nationality, social or ethnic origin, sexual orientation, gender, marital status, political opinion, disability, or any other category protected by law. The Supplier must treat each employee with dignity and respect, and must not use corporal punishment, threats of violence or other forms of physical, sexual, psychological or verbal harassment, abuse or intimidation.

c. Compensation and Working Hours

The Supplier is expected to comply with all applicable wage and hour laws and regulations, including those relating to minimum wages, overtime, maximum hours, piece rates and other elements of compensation, and provide legally mandated benefits.

d. Health and Safety

The Supplier is expected to provide a safe working environment that supports accident prevention and minimizes exposure to health risks. The Supplier is expected to comply with all applicable safety and health laws and regulations in the countries in which they operate.

Environmental Policy

a. Carbon Emissions and Water Usage

The Supplier is expected to identify sources, calculate, monitor and undertake initiatives to reduce the carbon emissions. The Supplier is also expected to monitor the water usage at all premises and undertake initiatives for water conservation.

b. Hazardous and Toxic Materials and Substances

The Supplier is expected to assess their use of hazardous and toxic material and take necessary steps to reduce it, to the maximum extent. Appropriate substitutes and replacements should be introduced to minimise exposure to such material.

Toxic waste should be handled with professional guidance and mechanism should be put in place to dispose-off the waste to authorised waste processors by the Supplier.

c. Reduce and Reuse Materials

The Supplier should strive to reduce the environmental impact of their packaging material by developing innovative, practical solutions to modify the design and disposal method to the best possible extent.

d. Efficient Systems and Process

The Supplier should enhance the efficiency and performance of the equipment and processes by continual improvement, monitoring and assessment of technology.

e. Local Community Engagement

The Supplier is expected to be cognizant of the impact its business has on the local communities. Hence the Supplier is expected to engage with local governments and communities to improve their overall wellbeing including economic and social aspects.

Monitoring and Review of the Code of Conduct

This Code of Conduct is applicable to all Suppliers of Western Refrigeration Pvt Ltd.

The Code of Conduct will be reviewed annually and in accordance with the amendments introduced in the applicable laws.
